✦ **PRESIDENT'S MESSAGE.....**

FROM BARBARA LEVIN

Yes, it's true. I am officially the fastest knitter in San Diego County. I was crowned at the San Diego County Fair (wait! . . . isn't that how Raquel Welch got her start?) after beating out three -- count 'em, three -- other Continental-style knitters in the fair's Nimble Fingers knitting contest. I knitted 27 stockinette rows of 21 stitches each using sock yarn on US #8 straight needles (yuck!) in 15 minutes.

I would like to thank all the little people who made this glorious event possible: Kathy Christensen, our Del Mar fair coordinator who organized our days at the fair and lent me a ball of yarn; my official photographer, Annette Friedlein; my trainer, Linda Erlich, for goading me into entering the contest and for not throwing a bucket of water in my face; and my cheering squad -- the other four volunteers from the guild's table at the fair.

See how rewarding volunteering can be? You, too, can reap its joys and benefits by volunteering to be an officer or chairwoman for the Guild. Yes, it's that time of year again -- the time when the nominating committee puts together next year's list of leaders. If you want to be part of that exceptional group, please contact Sara Stolz, who has graciously agreed to serve as nominations chairwoman. None of these jobs requires more than a few hours a month of work.

Meanwhile, I will be enjoying my reign as the county's fastest knitter. I won't be at the July meeting but I'll be happy to sign autographs in August.

Happy Knitting! Barbara

✦ JUNE MEETING MINUTES

**San Diego North Coast Knitters
General Membership Meeting
Tuesday, June 1st, 2010 - 12:30 p.m.
Barbara Levin presiding
131 members and guests present**

President Barbara Levin opened the meeting by welcoming new members and guests. Fair coordinator Kathy Christensen encouraged members to sit at the Guild table either on June 15,16,17,18 from 11am to 3pm. Eileen Adler announced that tickets for the annual Stitch N' Pitch baseball game at Petco Park were available at the Common Threads yarn shop in Encinitas. Susan Ludwig discussed upcoming Members Teaching Members (MTM) workshops. These include a continuation of Nancy Muschek's basic sock class, a felted backpack by Eileen Adler, lace knitting with Mar Gee Farr, the Dofuko jacket with Colleen Davis, interpreting patterns by Thea Lazarevic, and the wonders of "Ravelry" with Liz Knapp. Colleen reminded members of next month's potluck/tea party. Desserts and beverages will be provided. Susan Ludwig collected knitted items for Colleen's tea party challenge that will serve as table centerpieces.

Willa Cather, who is also a member of the Laguna Guild, presented a fascinating program on lace and beaded shawls and scarves. She was an excellent speaker with a terrific sense of humor. Her presentation, which included an extensive trunk show, was both informative and entertaining. Willa displayed an amazing assortment of scarves and shawls featuring intricate and unique lace and beaded designs. Linda Erlich and Barbara Levin assisted in modeling and passing around Willa's remarkable creations for inspection by a very appreciative audience. As with other in-house programs, this presentation was a huge success.

Linda Erlich conducted the show-and-share in her usual entertaining fashion.

JUNE MEETING NOTES (THANK YOU, WILLA):

Willa educated us all on working with lace, and various methods for how to incorporate beading into our work. It was an education for many of us who have not attempted this intricate work. Over 7 years Willa has

knitted up an incredible amount of amazing shawls, scarves, and the like. It was an impressive array, and she let us touch and ogle over each and every one of them!

Willa shared some helpful hints with us and here are some highlights:

Victorian Lace Today by Jane Sowerby is the best lace book if you can only buy one and it has all levels of difficulty. There are Yahoo Groups and Ravelry Groups you may want to join that are working on her various projects.

There are four ways to add beads to your knitting

- 1) Pre-stringing – string beads onto your yarn before you start knitting and slide them up into your work when you want a bead.
- 2) Add beads with a crochet hook one at a time as needed.
- 3) Use yarn that already has beads incorporated into it (Artyarns, Tilli Thomas, and Trendsetter)
- 4) Sew beads into your work after item is completed. This is particularly good if you want to use very small beads (size #11)

There are many sources for free patterns as well as places to buy patterns. One of the advantages of buying a pattern on the internet and downloading it is that it can have a lot more pages of explanation, diagrams, alternate views, and charts than you typically find in a purchased paper pattern. Some of my favorites are:

Here are some useful websites for lace and beading techniques.

Yes, you do have to block lace if you want to get the full effect. I like the foam rubber mats that come in 18" squares and lock together like a puzzle. I purchased mine at Big Lots; they are for putting under exercise equipment (something entirely foreign to me). You need to use rust proof pins and let your lace piece soak for at least 30 minutes.

Here's a source for the dressing (blocking) wires, if you can't find them in your LYS:

<http://www.handworksnw.com/dressingwires.html>

Tips and Tricks:

-Use contact paper, clear packing tape, or laminate your lace charts so you can stuff them in your knitting bag.

-Use a magnetic board with bars to keep track of your rows. Highlighter tape is also available at your LYS.

-Use a small jar to store the beads. The lid is a handy "saucer" to pour your beads out onto when you start your beading.

-For beginners, don't start with black, as it is hard to see. Also, start with a scarf, as it is easier to see your work.

-Addi Lace Needles are really nice to work with. The tips are sharp and there is slight drag to keep your stitches on the needle.

-When purchasing beads, take a piece of your yarn so you can slide the beads on it and see how they look together.

-Lifelines are truly that. Use a smooth yarn (crochet cotton is good) or dental floss.

<http://www.craftleftovers.com/blog/archives/455> or check out Heart Strings' website. (See above.)

If you find you have made a mistake and did not use a lifeline, here is a fix. Determine the row you want to unravel back to, and spray starch across the entire width of your piece. Make sure it is soaked and let it dry **completely**. The dried piece needs to be stiff. Take a deep breath and rip out your knitting back to the row with the mistake. Put the first "good" row back on your needles. If you want to rinse the starch out of your piece right away you may. Otherwise continue knitting your lace and wash out the starch when you block.

If you are blocking a ruffle you might have to steam it one section at a time. Try it, and you may enjoy it as Willa certainly does. Thank you, Willa, for sharing your enthusiasm and love **of lace and beading!!!**

Willa's intricate work.

Linda models Willa's shawl.

SOLD OUT! *Just to let you know, this class is full but I'm happy to start a waiting list; things happen and someone may not be able to attend despite good intentions. Or ask about waitlist for next class.*

Backpack purses are really a necessity because the weight is evenly distributed on both shoulders making carrying a purse much more ergonomic – and more comfortable! Why not knit your very own felted backpack using an original pattern by Eileen Adler? During this two-and-one-half-hour class you will learn a variety of skills - ten to be exact! Some will be a review and some will surprise you with a new application. The skill level is Easy- Projects using basic stitches, repetitive stitch patterns, simple color changes and simple shaping and finishing. Mark your calendars for Thursday, August 12, 2010, from 10:00-12:30. We will meet at Eileen's house.

2) Reading and Understanding Charts
Thursday, August 19 from 11:30-1:30 PM; \$20.
by Thea Lazarevic

If you've ever been stymied when you turn to the directions for a luscious knitted item only to be confronted with an indecipherable maze of x's and o's, this workshop is for you. READING AND UNDERSTANDING KNITTING CHARTS will be offered. Location TBD.

3) Dofuko Workshop- By Special Request - Colleen Davis presents her DOFUKO JACKET design workshop on Tuesday August 10 from 1-3 for \$20 at a home in Carlsbad.

✦ Quarterly Finishing Classes

Dates: Sept. 14th, 2010
Time: 12:30 to 3:30 PM
Cost: Free to Members
Where: San Dieguito United Methodist Church Classroom Building

Do you love knitting and hate finishing? Do you have more than a few un-seamed sweaters lurking in your closet? Do you need to work in all those yarn ends on that wonderful Fair Isle sweater before the moths finish it for you in an unintended way? Finishing days are for you. Every three months, the Guild will host a free "Finishing Day" for members. Bring your almost-finished items and work on them together. The Guild will provide the room, chairs and tables and resource knitters to answer finishing questions. It might be just the jumpstart you need to get you going.

✦ Philanthropy

Yes, it is almost here! Please bring your unwanted yarn, needles, books, and knit/crochet accessories to the July meeting. This is your last chance to donate what will surely become someone else's treasure, and to make room for the goodies you're going to buy yourself!

A big THANK YOU to those of you who have already donated. My garage is full with more than 15 large trash bags' worth. A special thanks to Lisa Limber (#1 individual donor) and Maria's Knitting & Crochet (#1 retail donor) who together have donated yarn with a retail value of more than \$4,000!

If you have questions, e-mail Liz Knapp: liz.yarn@yahoo.com or call 619-995-9276.

Thank you, Liz Knapp

✦ [Stitch N' Pitch Is Back For The Fifth Year- Sunday, July 18th @ 1:05 Petco Park](#)

Check it Out! reads the headline in the "Our San Diego" section from Saturday's June 5th edition of the San Diego Union Tribune. So what are we checking out? Petco Park! Every day of the week (schedule is adjusted for home games), Petco Park is hosting tours taking you behind-the-scenes: how awesome to stand on the field, go into the dugout, learn about the history of baseball in San Diego, and how the Western Metal Supply Co. Building became part of the park. Just Google: *Petco Park Tours* or call them at (619) 795-5011 for more information. There are three daily tours ranging in price from \$7 to \$11, depending upon your age.

Then, buy your tickets for our **Stitch N' Pitch** game on July 18th starting at 1:05 when the Padres play the Arizona Diamondbacks. Batting practice is from 10:40 to 11:40 for the home team and 11:40 to 12:20 for the visiting team.

Purchasing Tickets: It's best to purchase tickets from *Common Threads* in Encinitas to ensure that part of ticket price will be donated to this important cause. They are taking orders now so please go by there or call them ASAP! *Common Threads* prefers cash or checks; charging will require an additional \$1.00 service fee.

Just one more idea to plan for your knitting project! Here are three base-balled-themed projects and they're all free from Interweave Knits/Knitting Daily. A *Baseball Cap* designed by Vicki Square, The *Stitch N' Pitch Sock* designed by Amanda Berka and Melinda Barta, and *Sparkly Sweatbands* designed by the Stitch N' Pitch design team.

The games keep stitching in the public arena and a portion of the ticket price supports TNNA's "Needle Arts Mentoring Program" which unites mentors with young people to enter the rewarding world of working with our hands; mentors enlighten and change lives all the while doing something they love. For more information, check out the article on page 12 in the fall 2009 issue of *Knitsimple Magazine* or if you'd like to become a mentor, get more details: www.NeedleArtsMentoring.org.
